Dear Sir

Re: Bakers Development, St. Peter

The captioned matter refers. The Corporation apologises for the delay in responding to you in this matter.

A full assessment of the lots conveyed in this development as well as those without instructions was necessary to determine all lots and families affected by a revised sub-division of the Development as shown on the Key Plan certified by Lloyd Powlett, Land Surveyor on July 28, 2003.

Originally, there were thirty-six (36) lots in this development and eight (8) were abandoned, leaving a total of twenty-eight (28) lots. To date, our records show that seven (7) sales have been completed, nine (9) sales are outstanding and twelve (12) lots contain National Housing Corporation rental houses.

Further, rental accounts were activated for those persons who were not in a position to purchase their lots at the time of occupancy.

In keeping with our vision to enable persons to become homeowners, the Corporation will shortly be making offers to those persons who currently pay rent.

I trust that the above information is satisfactory.

Yours faithfully
NATIONAL HOUSING CORPORATION
